

How do we get there from here?

Junction City is planning improvements to the transportation system for the next 20 years.

You are invited to attend an Open House to discuss:

- In what areas can we enhance safety for motor vehicles, bikes and pedestrians?
- How should we improve our roads?
- What public transit service do we need?
- Where can new sidewalks provide safe access to schools, shopping and services?
- How can we better accommodate bicyclists?
- What role should trains play in our transportation system?
