File: MP-13-03/VAR-13-04
Property Owner/Applicant: John Moody
Property Location: Vacant lot (Juniper St & W 13th Ave)

Assessors Map and Lot: 15-04-32-23-04101
Property Area: 4,980 square feet
Zoning District: C/R (Commercial/Residential)

Proposal: Partition a vacant existing lot into two townhome lots to construct a townhouse on each lot (1 building consisting of 2 single-family attached units). The subject property is zoned Commercial/Residential (CR). Townhomes are permitted use in the CR Zoning District under 17.40.010 of the Junction City Municipal Code (JCMC). The subject lot is Lot 2 of the Original Plat of Junction City, platted in 1872. This plat shows the lots in the area to be 50 x 100 feet. The minimum lot dimensions for a townhome lot in the CR Zone is 25 feet in width and 2,500 square feet in size. The partition plat survey submitted by the applicant shows the existing lot dimensions are actually 49.6 x 99.9 feet. Therefore, the applicant is requesting a variance to the lot dimension and size requirements under JCMC 17.40.030.
