Re: Junction City Planning Commission Application

Mr. Mayor:

The interest that I have in serving on the Planning Commission is as a new resident. The city seems on the verge of growing, mostly due what the prison brings to this area. The economy seems to be ready for growth as well. Growth is my interest. I would like to see my town grow in a positive manner with input from those that will live with the consequences of decisions made on this committee and city council.
